## Book Requirements

**IMPORTANT NOTE:**  
 Every straight coated horse regardless from which Book/Division used for breeding must be bred to a curly coated horse in order to be eligible. Any horses bred straight to straight are not eligible.

Name and address on card, if different than owner: \_\_\_\_\_

### Full Book

- Comprises offspring with parentage of the former ABCR Full Curly Registry
- There are no breeding restrictions on breeding horses within this division
- Straight offspring will go in the Full Straight Division and get a straight designation, i.e. a "S" added to the registration number

### Blood Percentage Book

- Is equal to horses registered in the former ABC Curly Blood % Registry
- Every offspring eligible for the Blood % Book, no matter if curly or straight coated, will increase fraction up to full
- Straight offspring will go in the Blood % Straight Division and get a straight designation, i.e. a "S" added to the registration number

### Outcross Book

- Parentage of the first Curly Outcross Division generation must be horses out of Blood Book – Full Curly Division bred to any registered horse with full papers of another breed.
- To be eligible for the Outcross Book horse must be at least 1/2 Full Book or 1/2 US Mustang Book. Examples:
  - o 3/4 Blood % mare x warmblood stallion = 0,375 offspring -> not ABCR eligible
  - o 3/4 Blood % stallion x 1/2 Blood % mare = 0,625 offspring -> ABCR eligible
  - o US Mustang mare x warmblood stallion = -> not ABCR eligible
- Straight offspring will go in the Outcross Straight Division and get a straight designation, i.e. a "S" added to the registration number

### US Mustang Book

- US American Horses must provide proof of ownership from BLM, and provide proof of BLM brand.

# Pre-Registration Application

		<p>Version 1.0/January 2013</p>

- Straight offspring of Mustang x Mustang will go in the US Mustang Straight Division and get a straight designation, i.e. a "S-" before the registration number
- Straight offspring of Mustang x horse of any other division will go to the Outcross Straight Division and get a straight designation, i.e. a "S" added to the registration number
- Offspring from breeding US Mustangs to non Curly Horses will not be eligible, as this would result in less than 1/2 Curly Horse

## Notice: Blood Percentage Book

The Registry must start with a common denominator – a Full Curly Stallion. In the ABC Registry, a full Curly Stallion has a current ABC permanent or tentative certificate. The following diagram shows how a Blood Registry breeding program works:

- Full Curly to 31/32 Curly = Full Book offspring
- Full Curly to 15/16 Curly = 31/32 Blood Percentage Book offspring
- Full Curly to 7/8 Curly = 15/16 Blood Percentage Book offspring
- Full Curly to 3/4 Curly = 7/8 Blood Percentage Book offspring
- Full Curly to 1/2 Curly = 3/4 Blood Percentage Book offspring

## Registration Overview

- **BOLD** means curly offspring, *ITALIC* means straight offspring, NR = not to be registered
- DNA testing required for all registered Curly Horses. If a foal/horse falls into a category not allowed above, then the Registrar will determine according to the horse, which book it will be registered in. If the Registrar requires the determination of the Board, they can call on the Board for input.
