SO LONG, AL, IT'S BEEN GOOD TO KNOW YOU --

It was a great shock to all of us who knew him to hear that Al died suddenly Jan. 2. Al joined ABC in '80 & elected V.P. in '84, a post he held until his death. Al was devoted to his Curlies & proud of his stallion, Prince Charming, & his record of siring Curly foals. Flowers were sent by ABC and condolences to his wife, Mary, and family. Curlies, and ABC, have lost a good friend, but Mary and sons intend to carry on the family breeding program. Our very best to them.

Three trips are scheduled -- July 15/Aug. 5 to Mongolia; Aug. 5/Aug. 27 and Aug. 26/Sept. 17 to western Sichuan. ABC has more info if you'd like. Sounds exciting!

PASADENA ROSE PARADE -- 1988 --

ABC will again send applications to participate in the 1988 Rose Parade, and Deborah Drummond is sending out entries for it. All who wish information should write to her at: 5184 - 10th Ave., Hanford CA 93230, for requirements and dress code -- but do it soon -- as the individual applications have to be sent to ABC at Ely no later than May 15th. Don't forget!

It takes lots of time, effort and money to represent ABC in this grand-daddy of all parades, and we doff our hats to this wonderful group of Curly horse folks who rode last year --

HAIR YE!! HAIR YE!! --

Spring is here -- and there go those beautiful curls you've admired so all Winter. But before they all go, get out that ol' sheddin' blade and try to save the hair. If you can't catch it in a paper sack, try standing ol' Curly on a plastic drop cloth and start after those curls. They are valuable -- yes -- and Corine Mead wants Curly hair very badly as she is busy spinning it and needs all she can get. Corine (see address with breeders) says to mention if you are coming to the convention, bring it to the barn area and see what it's worth! And if you want a cap made out of your Curly, you can perhaps get Corine to make you one! Just one more thing Curlies are good for! Amazing!

HAVING AN ARTICLE WRITTEN ABOUT YOUR CURLIES ? -

That's great! The more articles, the better, as it is terrific advertising and promotion for our horses. However, there is one thing ABC asks, and that is that it be mentioned at the end of the article to send \$1 and a long double-stamped self-addressed envelope to ABC for more info and the latest copy of our newsletter, Curly Cues. Love to get all the letters, but it does take a toll on our finances, so please ask for the \$1.

THANK MUCH!

DAMELE CURLY HORSE ROUND-UP --

For those who enjoy attending the annual Damele
Curly Horse Round-Up & Pot Luck Lunch, there will
be another around the first of October, but no
definite date has been set yet. It is a one-of-
a-kind affair, and exciting! And FUN!

ARIZONA --

From Tucson, received word of the arrival of a
new little girl at the Bayard & Lara Potter
home by the name of Story Hope, who joins a
sister and brother, Winter & Cooper, all ABC
members. A card was sent from ABC!

CALIFORNIA --

At Lake Tahoe, Sam & Rosie Borges give buggy &
sleigh rides pulled by horses, and their Curly,
TAHOE BLACK CURLY ABC-385, loves to pull the
sleigh. He is getting to be quite an attrac-
tion in the winter with his coat of curls. FUN!

Mel Blue, Litchfield & Bill Begun, Janesville,
recently gave a clinic on Curlies to a 4-H group,
The Flying Mustangs of San Benito County, pre-
senting the ABC slide show and also showing off
Pat McKendry's PATS DIAMOND CHIP ABC-33 and Mel
Blue's LI'L DIAMOND CHIP ABC-106, much to the
delight of the youngsters and their leaders.
THANKS, GUYS!

Pat McKendry, Morgan Hill, a top endurance rider,
recently had surgery and a card was sent from
ABC. Hear she's back in the saddle again! Good!

CANADA --

Junior member Mary Chisholm, Box 6, Streamstown,
Alberta TOB 4G0, has been a member for 4 years,
and would like pen pals, so get busy and write,
you Juniors!

COLORADO --

If you're ever out Colorado way, breeder-member
Bonnie Ballantyne, Evergreen, now has a horse &
hauler set-up, with breakfast, yet, and would
enjoy having Curly horse folks stop by. She is
half a dozen miles off I-70, near Denver, so is
in a handy spot. Stop by!

Cheri Hartleigh & Jim Wixom, Bayfield, sent pix
of the 3 young Curlies they got at the Damele
roundup last October, and said they were amazed
at how well they did this winter in the Colo-
rado high country. We told you so!

The Tisdales of Franktown, David & Claire, pur-
chased a Palomino colt at the Damele roundup,
for their daughter, Karen, and they love him.
In fact, Claire says she wishes she could quit
her job just so she could stay home and play
with him all day, but has to have the money to
buy another Curly. Isn't that nice?

INDIANA --

Sandy Hendrickson, Indianapolis, broke her ankle
and was laid up for a time. ABC sent get-well
wishes. Sandy has her young stallion, SPARTACUS
ABC-237, showing in Dressage. He is doing so
well and she is very proud of him. Us, too!

THANK, Everyone! Can you believe? It took 8 full years to register the first 120 Curlies, and here we have registered 100 in just the past 6 months! No wonder Debbie and I are going out of our minds! Happily, tho' !!! S

BREEDING SEASON IS HERE --

It's breeding season again, and whether you are a licensed ABC breeder or not, just want to remind those planning to breed either their mares or stallions that the ABC Registry does not condone the breeding of either our Curly Stallions or Curly mares to to Quarter Horses or Thoroughbreds. We are not trying to breed more speed into our Curlies, but definitely are trying to breed an all-around family pleasure horse with a super disposition, excellent gaits and plenty of endurance. We feel we have one of the last 'natural' breeds left and we owe it to these wonderful horses to keep them that way. So, just say "NO" to Quarter Horses and Thoroughbreds. You'll be glad you did!

RESEARCH DEPARTMENT --

THE CURLY GENE --

More and more interest is being shown in our ABC horses and just recently Dr. Phillip Sponenberg, DVM PhD, of Virginia Tech College of Veterinary Medicine, Blacksburg VA, did a work-up on the Curly gene in horses. Happy his work showed that the Curly gene can be 'dominant' as well as 'recessive'. His report will be seen in the "Journal of Heredity" shortly. Thank you, Dr. Sponenberg!!

THE CURLY BLOOD -- IMPORTANT!!

Happy to announce that Dr. Pat Bolling, DVM, of the University of California College of Veterinary Medicine Serology Dept., Davis CA, will do a study on the blood of Curlies, which should be of great interest to us all. In order to do this, she must have blood samples from at least 30 Curlies, so we ask those of you who would like to have this done, especially those with stallions standing, please let ABC know shortly. ABC will sign a contract for the study, and the cost per horse is \$31. Dr. Bolling asks that the Curlies with the oldest Curly backgrounds, and the purest strains, either sex, are of particular value to the study. The necessary materials for taking and mailing the blood samples will be sent to those interested. Let ABC know!

TAILS !!! TAILS !!! TAILS !!!

With their unusual habit of being able to shed their tails, maybe our Curlies don't always have the greatest looking tails in the world, but did you stop to think that maybe some of those beautiful flowing tails you see in the show ring aren't always real? Anyway, here's an ad for 'falsies' or 'wigies' for horses I thought you might get a kick out of -- no, they're not for Curlies, as we have to show our horses 'au naturelle' in All-Curly classes --

WANNA ADOPT A CURLY ? --

Although ABC has had a letter on file for several years from the U.S. Bureau of Land Management, Washington DC, saying we would be notified of any Curlies rounded up with the wild horses, it wasn't until this past Fall that they finally got around to letting ABC know. As a consequence, about a dozen Curlies have been adopted by ABC members and registered, am happy to say. So, if anyone is interested in adopting a Curly from BLM, let ABC know and next time we hear of one available we will let you know. Usually one doesn't have much time, as it is on a short notice, and the wild horse corrals are located at Palomino Valley near Reno, and at Susanville CA. So, time and distance is always a factor. Happy to say that those who have been fortunate enough to get a Curly out of the wild herds find that they have the same wonderful disposition as those that we raise. They surely don't act anything like the straight-haired horses out of the same herds. Luv that!

SHOWING YOUR CURLY???

ABC urges you to show your Curlies. Those that have been shown have made an enviable record. Enter horse shows, fairs, parades, etc. And, send to ABC for show record sheets, show point records and copy of letter relating to showing Curlies. We want to help!

ALLERGIC TO HORSES?

If you are a person who is very allergic to horses, but still love them, ABC has a very simple solution -- try a Curly! That's right. Curlies are actually hypo-allergenic. We actually don't really know why, but we think it's wonderful there is a breed one can enjoy without problems. If you'd like to check it out, just visit someone who owns a Curly. We know you will be very surprised -- as was Joyce Giuliani of Vulcan MI and Herbert Parks of Greensboro NC, who both now own Curlies. If you want more proof, write or call ABC and we can put you in touch with folks who are now enjoying Curlies, but are very allergic to other breeds. Nice to know!

JAY'S CURLY BOY ABC P-19 (Photo by Hughes)

Beautiful head shot of JAY'S CURLY BOY ABC P-19, owned by Jay McKendry, Morgan Hill CA, ABC Past President and Chairman of the Board. 'Peanut', as he is affectionately called, could possibly be the only horse in the U.S. listed in 4 registries. Besides being a Curly, he is also a reg'd. Appaloosa, ApHC T-210,677, a half-Arab, IAHA A-115,515, and an American Endurance Horse, AEHR-555. (Peanut' has won on the endurance trails and a number of parades, and has been with our Curly Horse unit in the Pasadena Rose Parade all four years, ridden by Jay's wife, Pat. Some kind of horse!

IMPORTANT NOTICE -- PLEASE READ --

To all of you members out there who have ideas, suggestions, questions, gripes, information, ways and means of making money, changes you may want, or something for the good of the club, that you want to have brought up at convention, PLEASE, you must send them to ABC in writing before June 1st! Your letters will be channeled to the proper committee, and put on the agenda. You do not have to be here in person to have your ideas aired; however, even if you are planning to attend, your suggestions must be sent in so they can be included on the agenda. This will speed up the meetings, and much more can be accomplished. If you want to be heard, we want to hear from you! Deadline: JUNE 1. THANK!

INSPECTOR SIZEMORE - ABC - P-430

HA! HA! SEE WHAT I GOT!!!

INSPECTOR SIZEMORE - ABC P-430.

23-year-old "Spec" hams it up with some of the many, many trophies he has won in his lifetime, as Candida Kreigh watches. Notable among the trophies is the beautiful big Peter Damele Memorial Award won for Hi-Point Performance Horse at ABC's All-Curly Horse Show in '86. Owned by Bob Kreigh of Monona WI, and shown by daughter Candida, "Spec" has been campaigned a lot during his lifetime. With a true Curly non-sense disposition, he has won many trail classes, jumping, too, and gymkhana events when he was younger. "Spec" 'loves a parade' and among others, he has been in the Chicago McDonald's Christmas Parade twice, the Chicago Circus World Museum Parade twice, at Milwaukee twice and also in Baraboo WI, home of the Museum. So, go ahead and laugh, "Spec", you've done it all and against some very good competition. Great!
