## Melinda's Corner

I don't think I've ever looked more forward to Spring, even if I will not have Curly foals this year. Winter was tough, with record-breaking snows and extended periods of below-freezing temperatures. Spring rains have arrived and the grass is growing green. I love this time of year, even when it means slugging through sticky KY clay!

While investigating a complaint that the fax was not working, I found that the published fax number was incorrect. The correct number is (859) 746-0700. You know that old saying about the word "assume"...well, when the office moved, we were able to retain our business phone number. I assumed that meant our fax number would also be the same. Obviously, it did not!

Other office news includes the resignation of Samantha. I am training another college student who will work intermittently until summer break. So if you need to talk to someone, feel free to contact me at my home number or email (Tel. (859) 356-0749 or [melscurlyhorses@aol.com](mailto:melscurlyhorses@aol.com)). I'm feeling pretty good about the fax machine; maybe I'll figure out how to forward the office phone to my home number! Fear not, I will hold down the fort until the Calvary arrives.

Sue Davis, our ABC Secretary, answers the toll-free line. Please contact Sue if you are state-side. I'm afraid that number does not work from Europe. The number is 1-877-324-0956.

### Things of Note

**Elections** are on the horizon. Look for Candidate statements for District 2, 4, 8 and At-Large in this issue.

The **Annual Convention** is progressing well. Betsy Lirakis is preparing for our visit to Vermont. I hope you will consider attending. Betsy has a good time planned for all!

The **Photo Contest** is back! You will find the instructions to participate in this issue of *Cue's*. Please send in your prized pics!

I hope I will get the opportunity to meet you in Vermont. Until then.....

Respectfully yours,  
*Melinda Martino, President*

## *Endurance Riding and the Curly Horse*

### **“THE TEVIS CUP”**

*By Joan Olson*

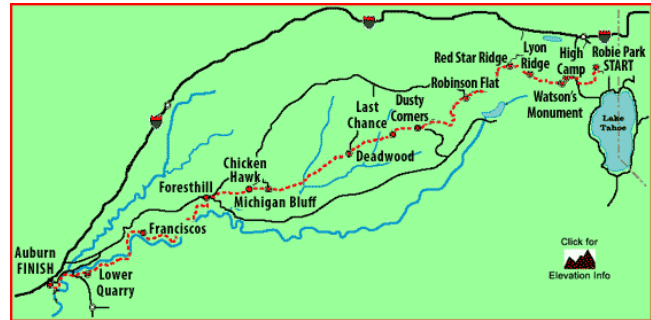

The Western States Trail Ride, popularly known as the **Tevis Cup Ride**, is the oldest modern-day endurance ride, having been held annually since 1955. An Auburn businessman by the name of Wendell Robie, a devoted rider of the Sierra high country, organized the first Tevis Cup. The rugged trail from Lake Tahoe to Auburn had to be covered in a day, and there were many doubters. Wendell, with a few of his friends, proved them wrong in August 1955, and continued to hold the event through the Western States Trail Foundation, which helped to preserve the 100-mile trail and the Ride.

A rider who completes the course within the 24-hour limit and whose mount is judged “fit to continue” is awarded the coveted silver Completion Award Buckle. The Tevis Cup Trophy goes to the person who completes the 100-Mile-Day course in the shortest amount of time and whose horse is in sound condition. The Tevis Cup was named for Lloyd Tevis by his grandson Will Tevis, a prominent San Francisco businessman and early benefactor of the Ride, and was first awarded in 1959 to Nike Mansfield, riding Buffalo Bill, an eleven year old TB Cross gelding.

There are two other major trophies involved with this race: the Haggin Cup, named for James Ben Ali Haggin, and the Josephine Stedem Scripps Foundation Cup. The rider whose horse is in the “most superior physical condition” of the first ten horses to cross the finish line is awarded the Haggin Cup trophy. Paige Harper, riding his six-year-old Arabian gelding, Keno, received the very first one in 1964. The Scripps Foundation Cup, established in 1994, is awarded to junior riders for their special achievement. The very first junior finisher was David Jay, Jr., who completed the third annual Ride in 1957.

### **The Trail**

The Tevis Cup Ride follows a rugged portion of the Western States Trail, which stretches from Salt Lake City, to Sacramento, California. Beginning at the Robie Equestrian Park, with an elevation of 7,000 feet and south of Truckee, California, the trail descends gradually nine miles to the Truckee River at Midway

Crossing on Highway 89. Taking a route through Squaw Valley, site of the 1960 U.S. Winter Olympics, the ride ascends from the valley floor (elevation 6,200 feet) to Emigrant Pass near Watson's Monument (elevation 8,750 feet), a climb of 2,550 vertical feet in 4 ½ miles. From the pass, following the trail once used by gold and silver miners during the 1850s and rediscovered by Robert Montgomery Watson in 1929, riders travel west, ascending another 15,540 feet and descending 22,970 feet before reaching the century-old town of Auburn. Much of this historic route passes along narrow mountain trails through remote and rugged wilderness territory. Adequate physical training and preparation for both horses and riders are of the utmost importance. The mountains are unforgiving to the ill-prepared. This Race is the granddaddy of all endurance riding and, if a horse and rider just finish it, they are considered to be among the elite of all endurance riders. That was just a little introduction into what is becoming a very popular sport.

### **AERC**

We at High Desert Equine were pleased to be able to attend the AERC (American Endurance Riders Conference), held this year in Reno, Nevada. The turnout was tremendous; we could not believe how popular endurance riding has become. There were many booths, with every kind of tack and supplements, and don't forget the gear for the humans too. In our two days there, we met many people from the area involved in endurance riding and were pleased to hear about a Curly/Arab Cross horse (AM Humvee, aka “Hummer”), from California whose rider loved him for endurance. He is one of the Curly/Arab crosses from Bazy Tankersly's Curly/Arab program.

## Endurance Riding and the Curly Horse

*Continued from previous page...*

**AM Humvee, aka "Hummer"**

Famous for her Al-Marah Arabians, she felt that the Curly/Arab cross would produce a superior endurance horse, with more bone. She continued her program until the Registry closed its books to out-crossing in 2000. AM Humvee is receiving an award this year for achieving 3,000 miles. Of course, many of the top finishers in the Tevis Cup are Arabians, but it is nice to see many people interested in Curlies just because of their nature and easy keeping. The 2012 Conference will be in Reno again on the 9th and 10th of March. It will be the 40th anniversary.

This is something that we can use our Curly Horses for, perhaps not such demanding races as the Tevis Cup, but maybe small events that area clubs put on. I am not saying our horses could not do it, just the riders! There are some rides which are 5, 10 or 20 miles long and these would be a great place to start for a beginner endurance rider. What a great way to support local clubs and it would also get you and your horse out for a good ride!

### **DCC Traveler**

I contacted Liz Mattke who has a Full Registered Curly stallion, DCC Traveler, who does some Endurance riding along with stadium jumping events. Liz sent me a nice article about Traveler that I wish to share with you along with some beautiful pictures.

"I was into Endurance Racing (Arabs) before I was into Curlies", says Liz Mattke. "In fact Endurance Racing could be one of the main reasons I became interested in this amazing breed of horses.

"The first Curly Horse I knew was Humvee, the incredible Curly endurance horse, already mentioned in this article. Watching him in the early years got me excited about the prospect of breeding my Arabs to a Curly Stallion to make the ultimate endurance horse. So I started looking at Curly stallions and, shortly afterwards, I walked away with our own Curly stallion, DCC Traveler.

**DCC  
Traveler**

"After one month of saddle training, I hauled him out of the barn and, on his first endurance race, he was calm, competent and handled every obstacle on the trail. That was when I became totally and completely hooked on Curlies. Last year, Traveler and I (below) competed in the first Elbe Hills Endurance Race in Rainer, WA. It turned out to be one of the most technical and difficult endurance races in the Northwest: 38 riders started and 23 riders finished, and I am proud to say Traveler came in 17th with an overall score of A-. He was a trooper.

## *Endurance Riding and the Curly Horse*

*Continued from previous page...*

“Currently, Traveler trains primarily for Three-day Eventing, but we also manage to fit in a couple of endurance races a year. To train for his races, we hit the trails as often as possible, doing a couple of short five-mile jaunts to warm up initially, and then longer loops of 10-20 miles. We vary the terrain: anything with hills and a good climb is a great workout.

We now have three Curly Arabs on the ground: my endurance racing prodigy (and the oldest) is four years. We are so excited about their potential and can hardly wait to start racing them, with Traveler leading the way.”

Thanks to Liz Mattke for sharing that wonderful story. Imagine my surprise when she told me she knew about “Hummer”. Let’s hope one day Liz and Traveler can finish the Tevis Cup. What a great thing that would say about Curly Horses everywhere!

**Traveler and Liz Mattke**

### **Training and Conditioning**

The practical guidelines for conditioning your horse for your first endurance ride are not suitable for every horse and rider. It is up to you to use your own judgment to determine how to apply conditioning principles to your horse.

The backbone of any program is long, slow, distance work (LSD). LSD teaches the body to use more oxygen, increasing both its ability to carry it to the cells and also to extract it once it gets there. An endurance rider needs to buy a stethoscope and learn how to use it. To take the horse’s pulse, put the stethoscope behind and slightly above the left elbow. The resting heart rate for most horses is between 32 and 40. After exercise, the beat will be faster and louder (probably between 72 and 90). How quickly the pulse drops after exercise is the single best indicator of fitness, and this is why endurance riders put such a high priority on keeping track of it. When you first start, don’t worry too much about the pulse rate since work will be slow enough not to produce great cardio stress. However, as you progress, pulse recovery will become important. It is good to start from the beginning in checking your horse.

In the first month, go on slow trail rides, five miles or so and at a walk. Substitute trotting for some of the walking periods and increase the distance you ride. By the end of the first month you might be able to go as far as ten miles in two hours. During the second month, you can do more trotting and cantering, paying close attention to how your horse feels. Try making these rides on the trail; field work can get boring and make your horse sour. There are many websites that you can go to for information on the training and conditioning of the endurance horse.

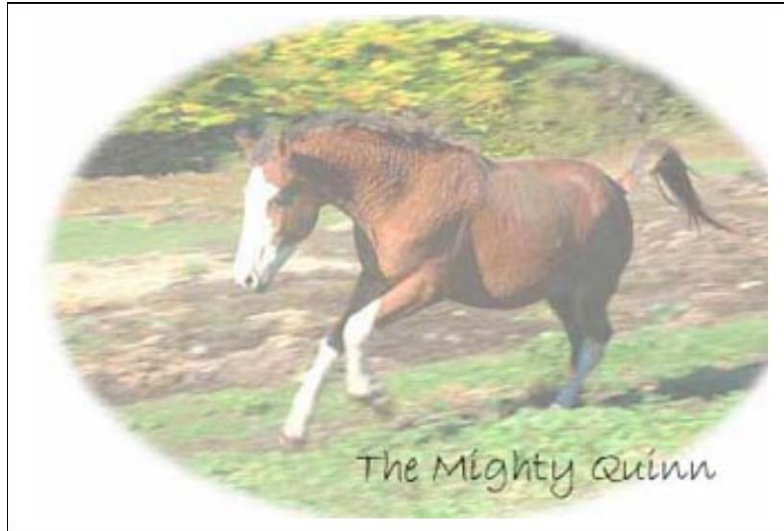

The AERC (American Endurance Ride Conference) was founded in 1972 as a national governing body for long distance riding. There are rules and guidelines developed by AERC that provide standardized formats and veterinary guidelines. The AERC sanctions more than 700 rides nationally and internationally. In 1993, endurance became the fifth discipline under the United States Equestrian Team (U.S.E.T.). Check out their website for more information on the sport of endurance riding ([www.aerc.com](http://www.aerc.com)).

ABC  
CONVENTION

# 2011

## *Top O' The Hill Farm ~ Springfield, Vermont July 21-24, 2011*

**Top O' The Hill Farm** is pleased to host the **American Bashkir Curly Convention** for 2011. This is an exciting event for the New England area. Top O' The Hill Farm is the first New England breeder of the wonderful American Bashkir Curly Horse, and the quintessential Vermont side-hill farm is home to many gorgeous and capable Curly horses. The herd is based on many of the old foundation lines and, like the traditional Vermont Morgan, is a "using" horse, with potential in almost every arena of horse activity. We hope this convention is one of our best to date, and look forward to welcoming members to Vermont!

**Mark your  
calendars now!**

Attending this year is important for those interested in saving the historic first Registry, started by those forward-thinking people to save the magnificent ABC horse. This convention is a very important one for the purpose of regaining people's respect and support in flagging times. We need to boost membership and the overall way people view this Registry and its workings. It is an organization worth the effort... so despite some roadblocks here financially and otherwise, let's rally for this!

## *Running for the Board of Trustees*

Any adult member in good standing and willing to attend the yearly Conventions may run for Board of Trustees to represent a District. This is a three-year term of office in which the District rep can serve on Registry committees and must attend Board meetings. There will be one member at large and three districts up for election each year. Candidate statements for District 2, 4, 8 and At-Large are presented below.

### **CANDIDATE STATEMENT FOR DISTRICT 2: Penny Johnson**

Dear Reader,

This is to announce my candidacy to represent my home district, number 2, on the ABCR Board of Directors. Please let me introduce myself. My husband and I made our living, before retirement, growing almonds as members of the Blue Diamond Co-Op. Ours was a true family farm where my husband, I and our children did all of the farm work to produce and sell a quality almond crop.

I have ridden and trained curly horses since 1989. Because I was favorably impressed by what I saw in the Curly horse, I chose to become a Curly horse breeder, fostering the Damele/Mead line. For the past ten years, I have been developing my breeding program, favoring good disposition and good conformation. Now that we live in Idaho, we grow hay and raise Curly horses. I have come to value good and gentle dispositions in the Curly horse because I am legally blind and need a horse with a very good disposition.

If I am elected to represent District 2, the goals that I will work to put in place are:

1. The ABCR needs to discuss and define a just and reasonable way to introduce new genetic horse blood into its breeding base, as it has been traditionally done until 2000. Many or most of the results of the open stud book were good. One excellent way to reach this goal is to allow BLM Curly mustang blood from horses of good disposition into the ABCR stud books.
2. I want to see the ABCR establish a voluntary breeders' group called the "Pre-Purchase Exam Breeders' Group." This group will require that all horses sold have a pre purchase exam done by a veterinarian agreed upon by both the seller and the buyer. This exam will include health of the horse, conformation, disposition, training level and the veterinarian's general impression of the horse. The results of this exam will be made available, upon request, to any ABCR member in good standing.
3. The ABCR has applied for tax exempt status. As part of this process, the ABCR has stated that if it should dissolve, its records and documents will go to Curly Horse Rescue. If ABCR should disband, its records and documents should go to the International Curly Horse Organization, a respected and established registry. The Curly Horse Rescue is not a registry. Furthermore, I do not believe that it has the competence to safely hold the records of the ABCR.
4. Lastly, I want to have the current By-Laws and the Rules and Regulations published in the issue of the "Curly Cues" that immediately follows the annual ABCR Convention.

If elected, I will inform all ABCR members in my home district about the discussions held by the Board of Directors. I will also announce what my vote was on all issues.

Sincerely,  
Penny Johnson

### **CANDIDATE STATEMENT FOR DISTRICT 2: Elisabeth Mattke**

American Bashkir Curly Registry

RE: Board Member Position for District 2: WA, OR, ID, MT, WY

I am interested in the Board Member position with the ABC Registry for District 2. I believe in actively promoting this amazing breed of horses and feel that I would make a good Board member, as someone who takes a very proactive role in the showing and promotion of this breed. I have had horses for most of my life; however, not until the last five years did I have the wonderful opportunity to own Curly horses. I purchased our first Curly horse, the stallion DCC Traveler, and then my husband, who has allergies, purchased his Curly mount. From there, we bred and now raise Curly horses for pleasure, trail riding, endurance racing and eventing. I work very hard to train and raise this breed of horses to show them in highly visible environments to demonstrate to all others that these horses can truly do it all.

We are currently showing in the following areas: local Open horse shows with the colts – halter classes, trail classes and In-Hand Hunter / Jumpers, Hunter Paces and USEA Recognized Events. In addition, I participate in monthly clinics with high-level dressage and jumping instructors with our Curly horses. We also compete in Endurance Racing, attend Breed Demos and locally sponsored trail rides.

I would appreciate the opportunity to further work to promote the Curly horse as an active Board Member for District 2. Thank you for your time and consideration.

Sincerely,  
Liz Mattke

### **CANDIDATE STATEMENT FOR DISTRICT 4: Alyssa Redvay**

To Whom It May Concern:

I would like to be considered for the ABC Board position for District 4. Although I currently live in District 2, I will be moving to District 4 later this summer. The American Bashkir Curly has been an integral part of my life. I started riding Curly horses at the age of nine at Red Horse Ranch in Illinois. I got my first Curly horse at the age of 12 and still own a Curly. My career with the Curly has included numerous horse fairs and expos all over the country, including Illinois, Wisconsin, Idaho, California and Utah. I have shown Curly horses consistently since the age of 10 at both open and Curly horse show venues. I have attended almost all of the Curly horse shows that were held in the mid-West, including Missouri, Illinois and Indiana. I have also ridden in multiple parades with the Curly. I currently hold an open and 4-H judges card, teach riding lessons and have been an assistant trainer of Curly Horses at High Desert Equine in Nevada for almost two years. I have been awarded the ABC National Youth award. I have attended a few Conventions and will attempt to attend all the Conventions during my appointment if possible. I have a long and vested interest in The American Bashkir Curly Horse and would love an opportunity to help keep the best interests of the Curly going by being a Board member and representative for the members of District 4.

Thank you for your consideration.

Sincerely,  
Alyssa Redvay

### **CANDIDATE STATEMENT FOR AT-LARGE POSITION: Konstanze Riemann**

Hello!

I'm Konstanze Riemann from the Riverside Curly Horse Ranch in Germany. We are one of the biggest Curly Horse breeders in Europe and we especially concentrate on breeding pure Curlies. We are convinced that this is the right way for the Curly Horse to become an accepted, special and well known breed. We have already started to introduce the Curlies to a bigger audience. We have been to several big fairs and exhibitions all over Germany and the Netherlands – for example, Equitana, the best known horse fair in Europe. We have been to many western competitions as well. Our Curly Horse mare, Joker's Bit of Copper Dust, won the NRHA country championship twice, and is well known and feared by the other riders. Also our Ranch has become more and more important in the western scene. We had a three-day competition last year and we will have two competitions this year. One will be the NRHA Derby final. The EWU (European Western Union) youth camp will be here in the summer too. Not just our horses and the Ranch are successful. Both of my daughters already joined experience in training horses and giving riding lessons. I am educated in being a better trainer and breeder. I did training in insemination, horsemanship and being a trainer for trainers and young people starting in their jobs. We stay in touch with most of the breeders and breeding organisations in Europe and have sold horses all over Europe. We are enthusiastic teachers to young/new breeders and welcome everyone into the big ABC-family. These are the reasons why I want to keep the 'at-large' position as an European breeder: to help the communication and to strengthen our relationship and our shared aim to breed full Curly Horses all over the world. Best greetings from Germany!

Konstanze Riemann and family

### **CANDIDATE STATEMENT FOR AT-LARGE POSITION: Angela F. Gaines (Angie)**

**Objective as an ABCR Board Member** - My name is Angela (Angie) Gaines and I am a breeding member of American Bashkir Curly Horse Registry. I have been a member of ABCR for the past three years and have been learning as much as I can about our wonderful Curly horses. I would like to help continue to share our Curly horses with the public and professional equine world as an At-large Member of ABCR's board. In this capacity I will continue to promote our Curly horses to the public and equine industry through quality breeding, show participation, educational research, and by submitting written articles to the horse world and public about our wonderful breed and their wonderful and unique qualities. Additionally, I would like to help our members of ABCR through continued communication about research and genetics. I am committed to helping our members and Curly horse breeders represent our Curly breed in a positive and educational manner to the public so that they can receive quality prices for their horses by sharing the wonderful qualities our Curly possess.

**Equine Experience** - I grew up with Quarter Horses and Paints as a child in North Carolina and remember the great pleasure of spending time with them. As my family obligations grew smaller and my sons left for college, I became involved with Equest Therapeutic Riding Center and found great joy in working with horses and helping people. I soon decided the American Bashkir Curly Horse was the perfect breed for therapeutic riding programs. This breed has wonderful qualities that can be so helpful to so many people including especially those with special needs who desire to ride.

On this day, April 13, 2011, I hereby submit my application for American Bashkir Curly Association, Board Member, At-Large. Please elect me as an At-Large board member and I will do my best to continue to promote our Curly horses to the public and equine industry in a positive manner using natural horsemanship training. I will also share my experiences as a breeder and participant in shows with others who share our love of this wonderful horse and or entering membership with American Bashkir Curly Registry so that we can continue the wonderful heritage of the American Curly Horse.

Respectfully submitted to the American Bashkir Curly Registry Board and our members:  
Angela F. Gaines (Angie)

### WOODKE'S WALNUT WOODS

Due to the great offspring of Drifter, I am offering him for sale.

1997, gaited Curly stallion, all around "been there, done that" horse, stands 15 hands tall, number 2287.

He's been to Hoosier Horse Fair, Breyer Fest, and many Curly shows.

He has had many halter and other class championships.

Drifter has been in parades, and he has ridden trails.

He has also chased cattle.

He's been ridden by young and old people.

Drifter has had exceptional offspring, winning shows, and they were exported to Germany.

Foals always have good size, confirmation, and temperament.

Inquire for price.

### ALSO FOR SALE

## The Seven Stages of Aging on Horseback

**Stage 1:** Fall off pony. Bounce. Laugh. Climb back on. Repeat.

**Stage 2:** Fall off horse. Run after horse, cussing. Climb back on by shimmying up horse's neck. Ride until sundown.

**Stage 3:** Fall off horse. Use sleeve of shirt to stanch bleeding. Have friend help you get back on horse. Take two Advil and apply ice packs when you get home. Ride next day.

**Stage 4:** Fall off horse. Refuse advice to call ambulance; drive self to urgent care clinic. Entertain nursing staff with tales of previous daredevil stunts on horseback. Back to riding before cast comes off.

**Stage 5:** Fall off horse. Temporarily forget name of horse and name of husband. Flirt shamelessly with paramedics when they arrive. Spend week in hospital while titanium pins are screwed in place. Start riding again before doctor gives official okay.

**Stage 6:** Fall off horse. Fail to see any humor when hunky paramedic says, "You again?" Gain firsthand knowledge of advances in medical technology thanks to stint in ICU. Convince self that permanent limp isn't that noticeable. Promise husband you'll give up riding. One week later purchase older, slower, shorter horse – definitely a Curly.

**Stage 7:** Slip off horse. Relieved when artificial joints and implanted medical devices seem unaffected. Tell husband that scrapes and bruises are due to gardening accident. Pretend you don't see husband roll his eyes and mutter as he walks away. Give apple to horse. Trust me. Despite a lack of bounce-ability, aging on horseback isn't so bad, as long as you know what lies ahead. And as long as you keep your sense of humor!

## CURLY CUES CLASSIFIED AND PAGE ADVERTISING

All ads must be submitted to the editor ([the.write.type@sympatico.ca](mailto:the.write.type@sympatico.ca)) by the 1st of the month prior to each issue. Deadlines: January 1; April 1; July 1; and October 1. We must be notified by the deadline if you want an ad rerun. Only ABC, or ABCR-eligible horses can be advertised. Ads will appear on the website at no additional cost. Check with editor to be sure graphics are compatible with Curly Cues' software.

**PAYMENTS:** Ads must be prepaid or they will not run. Payment methods:

1. Make check payable to ABCR, and mail to 71 Cavalier Blvd, Suite 124, Florence, KY 41042
2. Pay through PayPal: [paypal@abcregistry.org](mailto:paypal@abcregistry.org). Be sure to put in the 'message' section it is for a CC ad.
3. Call 1-859-485-9777 with credit card information.

## CLASSIFIED ADS ... FOR 30 WORDS:

\$5.00 for each picture

### **Breeder Ads:**

Classifieds - \$5 for 1st ad, \$2.50 for each ad after that  
¼ page ad - \$10 each time; if run 3 times, 4th is free  
½ page ad - \$25 each time; if run 3 times, 4th is free  
Full page ad - \$60 each time; if run 3 times, 4th is free

### **Member Ads:**

Classifieds - \$10 for 1st ad, \$5 for each ad after that  
¼ page ad - \$15 each time; if run 3 times, 4th is free  
½ page ad - \$30 each time; if run 3 times, 4th is free  
Full page ad - \$65 each time; if run 3 times, 4th is free

### **Non-Member Ads:**

Classifieds - \$20 for 1st ad, \$10 for each ad after that  
¼ page ad - \$25 each to run 1-3 times, \$85 to run 4 times  
½ page ad - \$50 each time  
Full page ad - \$100 each time

**'Want to Buy' Ads:** Same as above

Ads with more than 30 words will be charged at the half-price rate for each subsequent 30 words (60 words for a breeder would be \$5 + \$2.50 = \$7.50).

Contact information is NOT included in the word count.

## RUNNING FOR BOARD OF TRUSTEES

Any adult member in good standing and willing to attend the yearly conventions may run for Board of Trustees. This is a three-year term of office in which you will serve on Registry committees and attend board meetings. There will be one member at large and three districts up for election each year. Start thinking now about running for the Board for the next term.

## POLICY FOR LATE ADS

Advertisers whose ads arrive after the deadline may choose to either wait until the next issue to print their ads and have them posted to the website OR pay an additional \$10 fee to have them posted to the website shortly after we receive them. Those ads will then be printed in the next *Curly Cues* and continue for another 90 days on the website at no additional cost, as long as there are no changes.
