PRESIDENT'S MESSAGE

President's Message

Winter 2020

Dear Fellow Members,

Let's ring in the New Year with hope for all members of our Registry concerning their health and their horses. We soon forget how much it takes to maintain one horse, even 2, and heavens "A Herd"! Our Registry is trying hard to combat waste and keep the virtual office running with as little maintenance as possible. We appreciate all the hard work our volunteers provide and wish that other members could, if possible step up and help out to ensure that their Curly Horses will have a Registry which recognizes their lineage and history. With 2020 here let's all appreciate what we have and make a resolution to help anyone who is in need or any animal that is in need especially the Curly horse.

Our Annual ABC Curly Convention will be in Reno, Nevada this year. We have planned it for July 30- Aug 1, and hope that all members can make the trip out west. The last time we were in Reno was 7 years ago and we had a great time. We plan on having a trail ride and informational clinics.

Start saving now!! We will have more convention information posted on the website and in the next issue of the Curly Cues in March, 2020.

Wishing for a Curly foaling season,

Joan Olson

ABC President

CURLY COAT GENES

The Cook gene is another rare, unidentified gene. They also do not have KRT25 or SP6, yet show the curly coat. There are some out there, but tests still need to be done to identify their curly gene, and how it works. Cook was a neighbor of Damele's, so it is possible horses of the Damele lines could have the unknown Cook gene.

Listed below are horses who may have the Cook gene. If you have, or know of someone who has a horse listed, or a progeny from it, please ask them to contact Dr. Wilkinson, and get hair to him, for testing. The list is below, as well as contact information. If the horse is on this list, Dr. Wilkinson will pay for the testing. If not, the owner will have to pay for the testing.

Ravishing Beauty ABC#?????

Sire-Houdini ABC# 468

Kara Mia ABC# 1171

Ne-Hi Majic ABC# 1172 (hair sample tested)-but need blood if it was ever taken

Gemstar Majic ABC# 1161

CPS Woody ABC# 4014

Magie Rainmaker ABC# 1232

Copper Majic ABC# 1162

Kodiak Majic ABC# 2260 (waiting on blood from Austria, already have hair sample tested).

Lacy Lady ABC# 2325

There are other curly horses in the world without the KRT25, SP6, Sulphur, or Cook lines. Dr. Wilkinson and Dr. Gus Cothran are hoping to be able to eventually get samples and test them for their curly genes.
